

Jr. Sr. High Weekly Update - April 27, 2020

Dear Parents and Guardians,

I wanted to make you aware that eSchoolData is now showing report card scores for the Third Marking Period on the parent portal. Hard copies of report cards have been mailed and you should receive them soon. If a student received an "Incomplete" for one or more of their courses it means that they had an average score below 65. Due to the pandemic and school closure we want to provide students with the opportunity to raise their grade above a 65. Please be on the lookout for communication from your child's teacher about how they can resolve their "Incomplete." We are setting the date of May 13 to have course "Incompletes" changed to numerical grades. Please reach out to me, their teachers, or their guidance counselor if we can provide any further assistance.

Thank you and stay safe,

Eric Papandrea  
Hoosic Valley Jr-Sr High School Principal
