

YOUTH SPORTS UPDATE – JAN. 2021

As we all look forward to spring, Hoosic Valley Athletic Association wanted to share the latest plans and updates for 2021 sports and registration. We will keep www.hvaasports.org and our Facebook page updated with details on what our season will look like as we move closer to spring. Please read the info below, share with others who may be interested in this information, and email us hvaasports@gmail.com with any questions.

SPRING SPORTS

Registration for tee ball (co-ed), softball, and baseball will open on March 8. Registration will be purely online, and will run March 8-21. Practices typically start in mid-April, or as soon as weather and conditions allow. ALL 2021 registrations will be at the Early Bird rate of \$40 per player, which is 50% off the normal rate. The family maximum is \$80 per season. Please consider coaching, helping with field prep or snack bar, or volunteering in another way! For details about ages, levels, and more, visit www.hvaasports.org.

FALL SPORTS

Registration for co-ed soccer will take place in Summer 2021. HVAA play is open for students in Pre-K and Kindergarten at the Micro level. Practices typically start in mid-late August. Registration fees will be at the Early Bird rate of \$40, with a family maximum of \$80 per season. Details will be emailed and posted to our website and the school website in summer 2021.

SNACK BAR COMMITTEE

We are starting a new snack bar organizational committee in order to continue providing our children and families with great options for food and drink at Chapko-Lewis Fields. Please contact any board member if you're interested in being a member!

Please email hvaasports@gmail.com with any questions. Thanks for your interest!
