Teacher's Choice Awards

Jason Bentley (Mrs. Leach) Jason's patience, optimism, and politeness quietly lights up the classroom. He is a hardworking and innovative student who always takes time out of his day to wish you well. Hoosic Valley is lucky to have a student like Jason!

Harley Bradley (Mrs. Leach): Harley is a very gifted student. She works tirelessly, her writing is always pristine, she has an incredible way with words, and she always helps those around her with a smile on her face. She is an asset to Hoosic Valley!

Austin Reed (Mrs. Leach) Austin is unparalleled. His patience, kindness, and compassion inspire those around him. He is a natural born leader who guides his peers by being nurturing with a sense of humor. Hoosic Valley will miss him when he graduates!

Christopher Tracy (Mrs. Pieras) Chris is being recognized for having an exceptional interest and enthusiasm for every single topic he has encountered in the course. He cares deeply about the quality of his writing and shows tremendous insight during class discussions. He is patient, kind-spirited with his classmates and brings a unique sensibility to each and every writing assignment.

Jake Kinnicutt (Mrs. Pieras) Jake is being awarded for taking a true and diverse interest in film as an art form. It is clear that he had a great deal of enthusiasm for the study of film and approached every assignment as an opportunity to explore something new. His quiet sense of humor truly enhanced the class.

Riley Caiazza (Mr. Driver) Riley is awarded for her terrific insight and analysis during class discussion, as well as her commitment to enhance her writing style throughout the course.

Abrielle Peckham (Mr. Driver) Abrielle is awarded for her wonderful attitude that sets the tone for the room and makes class fun for everyone.

Anna Grace Macica (Mr. Driver) Anna Grace is being recognized not only for a special writing award that she earned this year through the Elks essay contest, but also for her passion for literature and her wonderful disposition.

Cameron Field (Mrs. Suite) Cameron is a real gem. He is quiet and unassuming, keeps class moving along by answering questions, is very bright and always willing to help classmates with difficult topics.

Warren Reynolds (Ms. Roberts) Warren is a go getter. Even though he is a busy slap top business owner, he always took time to help his classmates with their math. In the words of the great Warren Reynolds, "When you have knowledge and you can help others, what's stopping you?"

Helen LeStage (Mr. Talbot) Helen has an excellent aptitude for Algebra and her presence in the classroom enriches the learning experience for all of her peers. She demonstrates strong leadership qualities as she is routinely conscious of her classmates' understandings of course material and goes above and beyond to assist as needed. She has the ability to learn concepts quickly yet fully, and the ability to explain course material clearly and thoroughly. Her unique blend of skills has strongly contributed to a positive learning environment.

Hailey Burdick (Ms. Stone) Hailey is often quick to help others. She's always aware of who was absent and offers to help them with missed work. She exhibits patience and good humor with everyone. Hailey participates frequently in class discussions and helps explain to other classmates.

Andrea Sassatelli (Mr. Dorman) Andrea is a very talented and motivated student. Andrea does a great job of balancing her extracurricular activities with school. During class she contributes to class discussion, turns in exceptional work, and works well with her classmates.

Helen Lestage (Mr. Dorman) Helen did an outstanding job in Social Studies again this year. She is a gifted writer, participates in class discussions, and has the ability to analyze history as well as incorporate knowledge from her core classes into history. I really enjoyed teaching Helen that last two years.

Megan Rice (Mr. Myott) Megan is always excited for class and her energy motivates others. She always works hard, helps others understand concepts and her enthusiasm makes the classroom a more enjoyable learning environment.

Riley Caiazza (Mr. Myott) *Riley* is a joy to teach. She is always the first one to ask a question and finish an assignment, but also has a great sense of humor that brings a smile to your face.

Chris Tracy (Mr. Myott) Chris is wise beyond his years. He is a pleasure to teach, and his maturity and dedication make the classroom a better place.

Joseph McBain (Mr. Myott) *Joe* is great at Spanish. He nearly always finishes his assignments first and produces great work. He should consider studying Spanish in college!
