

eSchoolData Portal Accounts

Hoosic Valley offers parents and guardians the ability to access student information through an Internet Portal. This portal allows parents to view attendance, transcript, and report cards online. The most useful feature is the ability to monitor grades throughout the marking period. Hopefully, this eliminates any report card surprises and helps parents and students to take corrective action before report cards are issued.

Please complete the information below to request a parent portal account:

Parent/Guardian Names: _____

Students Name and Grade: _____

How do you wish to be notified of your login information?
