

# Ninth Annual After Prom Party

\*Sponsored by Hoosic Valley Community Partners\*

Historically, the timeframe between prom season and graduation sees a dramatic increase in student incidents.

Nine years ago, our group acknowledged that students who didn't want their prom night to end at 11:00 had limited choices for where to go and what to do. With this in mind, we saw the need to offer our students a safe, fun alternative to traditional after prom activities.

## Did you Know that on a typical Prom Weekend?

48 American teenagers are killed in vehicles

5,202 are injured

40% of the deaths are alcohol related

Please consider joining us in **planning/fundraising/chaperoning**. We will be meeting every other Tuesday evening at 7:00 in room 106 of the high school, starting on February 12, 2019. Updates will be e-mailed and posted on the school website.

## Immediate need:

\*Canvassing businesses for donations (donation letter on website). We have a long list of past donors to approach. The more volunteers we have, the shorter the list of stops/calls each person will need to make.

While planning and working this event is very time consuming, it is also very rewarding. Please help us provide this safe, fun event for our kids.

Thank you,
